# LOW PRICED ADVERTISING TELEPHONE GIRLS ANNUAL BALL

Nearly 125 Couples Make Brilliant Social Event

#### SIXTEEN NUMBERS ON PROGRAM

Many Out-of-town Visitors in Crowd of Young People at Foresters' Hall Last Evening.

Was the "whole town" there?

It was! It was there because the telephone girls gave one of the most enjoyable dances of the season at Foresters hall last evening with an attendance

of about 125 couples.

There are dances-and dances! But it takes the bewildering crew of local "Hello-Girls" to put on a dance event that packs the local hall and yet re ceives the honest endorsement that "a good time was had by all."

To begin with: The committee on decorations, consisting of Miss Della Camp, Miss Cecile Dorion, Miss Mary Ryan and Thomas Fitzgeralddecorated the hall with pine boughs and evergreen and decorated it "right." The orchestra was hidden behind a bank of spruce trees at the northeast corner of the main hall and the walls were pannelled in large squares of evergreen that made one of the prettiest trimming schemes carried out in the hall for several

Then the music committee, composed of Miss Bessie Shea, Miss Lena Thompson, Miss Lida Pellerin and Miss Julia Connelly arranged with Bennington's sturdy wielder of the fiddle-bow, George Donnelly, for a program of catchy and up-to-theminute music. The orchestra, with Miss Mary L. McGurk at the piano lived up to their previous reputation as pleasing purveyors of tuneful permutations and in return for continued applause gave two and three encores to several of the numbers.

Myron H. Stratton Defeated Eugene Wood for Road Commissioner in District No. 2.

The republican town caucus to nominate candidates to be voted for at the coming March elections was held at Library hall Friday evening with a good attendance considering the condition of the weather. The caucus was a routine affair, nominations were made from the floor and the only contest developed over the choice of a candidate for road commissioner in the second district. In this case it was necessary to divide the house and on a show of hands Myron H. Stratton had more votes than Eugene Moon.

The caucus was called to order by Walter H. Berry who read the call, Against his protest, Mr. Berry was elected chairman and Ernest L. Lambert was chosen clerk. The caucus then proceeded to make the following nominations:

### SPINAL MENINGITIS EPIDEMIC

#### Two Have Died in Brandon and Third May Succumb.

Brandon, Feb. 17 .- What appears to be a severe epidemic of spinal meningitis began here last Friday afternoon, when the sudden death of Zeno Hopkins occurred. The same afternoon Miss Fanny Peabody, daugh ter of James Peabody, was taken suddenly ill, and shortly afterward Mr. Peabody was stricken with the same disease. He died Wednesday afternoon. Miss Peabody is in a serious condition and it is not expected she will live. A consultation of physicians from Burlington and Ticonderoga was held and the disease pronounced spinal meningitis. Charles V. Needham is also seriously ill with the samo disease.

As all who have contracted the disease were in a play given at the town hall last week Wednesday evening, it is thought that they may have got the disease from some of the costumes or wigs rented from a Boston firm. Both Miss Peabody and young Hopkins were members of the high school and as a precaution it was thought best to close the school for the remainder of the week. r. Caverly, president of the State board of health, was in Brandon to- armament. day, but did not think it necessary to postpone any of the public entertainments unless a further spread of the disease was evident.

#### GATES FAVORS PERRY BILL

Governor Not in Favor of Local Option Liquor Law.

Franklin, Feb. 15 .- Governor Chas. W. Gates, feeling that he has been misrepresented in a booklet issued by the Vermont Local Option League, the organization which is conducting the campaign against the Perry prohibition bill which will be submitted to the voters of Vermont at the March meeting, has made public a statement which he hopes will serve effectually to correct any false views which the offending article may have given rise to.

Governor Gates is well known as having decided views on the liquor traffic question, but despite his sincere convictions he has felt it the part in the campaign occasioned by the submission of the referendum to the people, and would have refrained nor Gates uses the following words:

"I have just received a copy of the booklet issued by the Vermont Local ion of defining defensive armament as governor, appears prominently in such a manner as to lead the reader to think that I am in favor of local

option on the liquor question. "I have positive convictions on this subject as many well know, but I have purposely refrained from allowing the use of my official position to influence the vote on the Perry bill next March because I am deeply conscious of my obligation, as governor, to all the people in the State, and in the course of correspondence I made my position clear to the secretaries of both organizations.

Notwithstanding this, my name has been used, as above stated, by the Local Option League without my know ledge or consent in such a manner and in such connection that the impression conveyed by its use not only misleads, but also grossly misrepre sents my position. For this reason l feel warranted in making this public statement.

"The words quoted in the booklet from my inaugural address express my position precisely and I would not alter a word used therein. They were used in considering constructive work by the State, but not the destructive work of those evils that call for the exercise of the police powers of the State.

"I am not in favor of the princip! of local option as applied to the liquor question, but am in favor of prohibition and shall vote for the Perry bill."

There is a popular belief that titles often fall to the importunate. It was an old colonial office official who, when asked why a certain individual had received a K. C. M.
